Product Description:

The hineSkin Light Therapy Machine features 200pcs of LED lights, delivering powerful light therapy for your skin to reduce wrinkles, fine lines, and acne. With a lamp power of 192W, this machine offers a wide range of applications, making it ideal for various skin types and conditions.

This LED Light Therapy Machine is equipped with adjustable timing options, enabling you to customize your treatment duration from 15 to 60 minutes. The machine operates on both 110V and 220V voltage, making it suitable for use in different regions.

The hineSkin Light Therapy Machine is designed to provide a non-invasive, gentle, and effective treatment that penetrates deep into your skin's layers. It helps to stimulate collagen production, regenerate cells, and improve blood circulation, resulting in a more youthful and radiant complexion. Moreover, it also helps to reduce inflammation, redness, and pigmentation, promoting overall skin health.

In conclusion, the hineSkin Light Therapy Machine is an excellent investment for anyone looking to improve their skin's appearance and health. It is a convenient and cost-effective alternative to expensive spa treatments, allowing you to achieve professional-grade results from the comfort of your own home. Try it out today and experience the benefits of this advanced LED Phototherapy Machine.

Features:

Product Name: LED Light Therapy Machine
Power Supply: Electric-Powered
Wave Length: 200NM - 900NM
Battery Capacity: 1600mAh
Laser Output Power: ≤5 Mw
Relative Humidity: ≤85%
Keywords: LED Therapy Equipment, LED Phototherapy Machine, Eczema Treatment LED Machine

Technical Parameters:

Attribute	Value
Supplier Type	Top 10 Direct Manufacturer From China
Voltage	110V 220V
Lamp Power	192W
Timing Range	Adjustable For 15-60minutes
Actual Wattage	300W
Condition	New
Wave Length	200NM - 900NM
Power Supply	Electric-Powered
Led Quantity	200pcs
Yellow Waveleth	589 Nm

Applications:

Beauty Salons: The LED Facial Light Therapy System is perfect for use in beauty salons. It is ideal for treating various skin conditions, including acne, wrinkles, and fine lines. The powerful 300W LED light can penetrate deep into the skin to promote collagen production, which is essential for healthy skin.

Home Use: The Photon Light Therapy System is perfect for home use. It is safe and easy to use, and you can use it on yourself or your family members. The 5w LED chip ensures that you get the best results possible, and the electric-powered power supply ensures that you can use it anywhere in your home.

Spas: The Photon Light Therapy System is perfect for use in spas. It is ideal for treating various skin conditions, including rosacea, sun damage, and hyperpigmentation. The device is easy to use, and the powerful 300W LED light ensures that you get the best results possible.

Dermatology Clinics: The LED Facial Light Therapy System is perfect for use in dermatology clinics. It is ideal for treating various skin conditions, including psoriasis, eczema, and dermatitis. The device is powerful, and the 5w LED chip ensures that you get the best results possible.

Personal Use: The Photon Light Therapy System is also perfect for personal use. You can use it to treat various skin conditions, including acne, wrinkles, and fine lines. The device is easy to use, and the powerful 300W LED light ensures that you get the best results possible.

Beauty Supply Stores: The LED Light Therapy Machine is perfect for use in beauty supply stores. It is ideal for demonstrating various skin treatments to customers, and it is also a great product to sell in-store. The device is powerful, and the 5w LED chip ensures that you get the best results possible.

As a top 10 direct manufacturer from China, you can trust that the LED Light Therapy Machine is made with high-quality materials and is designed to provide excellent results. The device can be used in environments with a relative humidity of up to 85%, making it suitable for use in various locations. Whether you are using it for personal use or in a professional setting, the LED Light Therapy Machine is a reliable and effective device that can help you achieve your desired results.
