Basic Information

- Place of Origin: China Guangzhou
- Brand Name: LZR
- Certification: CE
- Model Number: T9
- Minimum Order Quantity: 1
- Price: confer
- Packaging Details: Standard export packing
- Delivery Time: 5-8days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 Piece/Pieces per Month

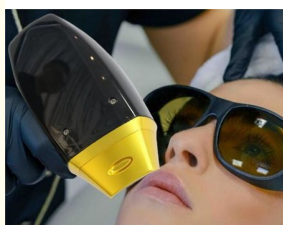

Product Specification

- Name: 808nm Diode Laser Machine
- Frequency: 1-6Hz
- Wavelength Range: 430/480/530/560/640/690 ~ 1200nm
- Screen Size: 15.6 Inches
- Energy Density: 1-10J/cm²
- Laser Bar Number: 3*755nm; 4*808nm; 3*1064nm
- INPUT VOLTAGE: 110-220VAC,50/60Hz
- COOLING SYSTEM: Air/water-cooled,Semiconductor.
- PARTS: Addwaterfunnel,Fuse,Powercord,Key Protectiong Protection.
- High Light: Painless 808 Diode Laser Hair Removal, Efficient 808 Diode Laser Hair Removal
- Highlight: **808 Diode Laser Hair Removal Machine,**
808 Diode Laser Machine

Product Description

808 Diode Laser Hair Removal Freezing Point Painless Efficient 808nm Diode Laser Machine

Product Description:

The LB-100 Laser Beauty Machine features a powerful energy density of 1-10J/cm², allowing for precise and effective treatment of various skin concerns. Whether you're looking to treat wrinkles, fine lines, scars, or hyperpigmentation, this beauty machine can help you achieve your goals.

In addition to its energy density, the LB-100 Laser Beauty Machine also boasts a pulse width of 0.02~0.99s. This ensures that the laser energy is delivered in short bursts, minimizing the risk of skin damage while still providing optimal results.

This beauty machine comes with 5 different treatment heads, each designed to target specific skin concerns. Whether you need to resurface your skin, remove unwanted hair, or reduce the appearance of scars, there is a treatment head that is perfect for you.

The LB-100 Laser Beauty Machine is easy to use thanks to its 8-inch touchscreen. This allows you to easily adjust the energy density, pulse width, and treatment head to ensure that you are getting the best possible treatment.

Overall, the LB-100 Laser Beauty Machine is a top-of-the-line aesthetic laser machine that is perfect for anyone looking to achieve great results. Whether you're a professional looking to add a new treatment to your offerings or an individual looking to improve the appearance of your skin, this beauty machine is sure to meet your needs.

Technical Parameters:

Frequency	1-6Hz
Laser Bar Number	3*755nm; 4*808nm; 3*1064nm
Wavelength Range	430/480/530/560/640/690 ~ 1200nm
Treatment Heads	5 Pieces
Output Power	40W
Spot Diameter	6mm-14mm Adjustable
Screen	8-inch Touchscreen
Style	Portable
Treatment Probes	5 Pieces
Usage	Beauty Salon, Spa, Home

This table shows the technical parameters of the Laser Beauty Machine. This machine is a portable beauty salon machine that comes with 5 treatment heads and 5 treatment probes. It has a frequency of 1-6Hz and an output power of 40W. The laser bar number includes 3*755nm, 4*808nm, and 3*1064nm. The wavelength range is from 430/480/530/560/640/690 to 1200nm. The spot diameter is adjustable from 6mm to 14mm, and it has an 8-inch touchscreen. This machine can be used in beauty salons, spas, and at home. Additionally, it can be used as a Hydrafacial Beauty Machine or Fractional Co2 Laser Beauty Machine.

Applications:

With its CE certification, you can be sure that this IPL Laser Beauty Machine meets all the necessary safety standards. It is also made in China Guangzhou, ensuring that you get a high-quality product that is built to last.

The LB-100 Hair Removal Laser Machine comes with a 15.6-inch screen size, making it easy to operate and providing a clear view of the treatment area. Its laser bar number of 3*755nm, 4*808nm, and 3*1064nm enables it to deliver a powerful output power of 40W, which is perfect for removing hair from all parts of the body.

The spot diameter of the LB-100 Hair Removal Laser Machine is adjustable, ranging from 6mm to 14mm, making it easy to target specific areas of the body. This makes it ideal for use in a variety of different scenarios and occasions, from large beauty salons to small home use beauty machine applications.

The minimum order quantity for the LB-100 Hair Removal Laser Machine is just one, making it easy to purchase and start using right away. Whether you are looking to add a new service to your beauty salon or want to start your own at-home hair removal business, the LB-100 Hair Removal Laser Machine is the perfect choice.

Support and Services:

The Laser Beauty Machine is a state-of-the-art device designed to provide effective and efficient hair removal, skin rejuvenation, and tattoo removal treatments. The machine utilizes advanced laser technology to deliver precise and targeted energy pulses that penetrate the skin and destroy hair follicles, stimulate collagen production, and break down tattoo pigments.

Our product technical support and services include:

On-site installation and training

Remote technical assistance and troubleshooting

Regular maintenance and calibration

Replacement parts and accessories

Software upgrades and updates

Our team of experienced and skilled technicians is dedicated to ensuring that your Laser Beauty Machine is always functioning at its best. We provide comprehensive support and services to maximize the performance and lifespan of your device.
